

IS TRANSFERRED

Keith Lane Nelson, pharmacist's mate, 26, has been transferred to U. S. Marine Corps duty at the conclusion of two years and four months U. S. Navy duty. He is a son of Mrs. Sylvia Lane Nelson of Los Angeles, and formerly of this city.

NOT SO SIMPLE

Although simple in appearance, a fluorescent lamp requires more than 1,000 distinct manufacturing operations and is assembled from 36 separate parts.

RECEIVES DISCHARGE

Pfc. Ross B. Nelson, recently returned from the ETO has received an honorable discharge from the U. S. Army following 44 months duty. A son of Mrs. Sylvia Nelson of Los Angeles, and formerly of this city, he will leave for Montana where he plans to engage in ranching.

Wedding and personal stationery of distinction are easily ordered by calling in person at 1336 El Prado, Torrance, or telephoning Torrance 444 or 443.

The Golden Text in the Sunday Lesson-Sermon on "Spirit" in the branches of The Mother Church, The First Church of Christ, Scientist, in Boston, is from I Corinthians, and reads, "What man knoweth the things of a man, save the spirit of man which is in him? even so the things of God knoweth no man, but the Spirit of God."

Passages from Matthew, included in the Lesson-Sermon, read, "Then was brought unto him one possessed with a devil, blind, and dumb; and he healed him, insomuch that the blind and dumb both spake and saw." Jesus "asked his disciples, saying, Whom do men say that I the Son of man am? And they said, Some say that thou art John the Baptist; some, Elias; . . . He saith unto them, But whom say ye that I am? And Simon Peter answered . . . Thou art the Christ, the Son of the living God. And Jesus . . . said unto him, Blessed art thou, Simon Bar-Jona; for flesh and blood hath not revealed it unto thee, but my Father which is in heaven."

Mary Baker Eddy writes in "Science and Health with Key to the Scriptures": "It was now evident to Peter that divine Life, Truth, and Love, and not a human personality, was the healer of the sick and a rock, a firm foundation in the realm of harmony."

COMMUNITY PRESBYTERIAN CHURCH—M. L. Gelsler, student assistant, 2154 34th st., Lomita. Phone 1172-W. Sunday school, 9:45 a. m. Morning service, 11 a. m. "The Open Door." Evening service, 7:30 p. m. "Drawing Nigh Unto God." Christian Endeavor, 6:30 p. m. Mid-week prayer meeting, Wed., 7:30 p. m.

Army Service Forces Call for Older Recruits

The U. S. Army Recruiting Station announces opportunities for enlistment of men 38 through 49 years of age.

Due to redeployment of vast numbers of troops to the Pacific Theater, a critical need exists in the Army Service Forces for enlistment of clerks, clerk typists, stenographers, postal clerks, cooks, bakers and meat cutters.

Vacancies also exist for men qualified to perform military police duty as train and town guards.

Further information may be obtained through an interview at the U. S. Army Recruiting Station, 391 Pacific Electric Building, Sixth and Main sts., Los Angeles 14. Telephone: TUCKER 7171.

Van Wagenen Will Address AIME Meeting

A. B. Campbell, chairman of the Southern California section of the American Institute of Mining and Metallurgical Engineers, announced that Hugh R. Van Wagenen will address the August meeting of the A.I.M.E. For the last three years Van Wagenen has been with the Foreign Economic Administration and has traveled extensively in Australia and Africa examining mining operations and the availability of strategic and other minerals necessary for the war program.

Van Wagenen, a graduate of the Colorado School of Mines, is a local mining engineer. Prior to his association with the Foreign Economic Administration he maintained a consulting office in Los Angeles. He will talk to the engineers on mining and affiliated activities in those countries he has recently visited.

Campbell said that in addition to the address by Van Wagenen, plans and diplomas of the Legion of Honor will be presented to James R. Finlay of Redlands and Murray Innes of San Diego. These engineers have been members of the A.I.M.E. for 50 years. They became affiliated in 1895. The honors will be conferred by Harvey S. Mudd, national president of the institute.

In addition to Messrs. Finlay and Innes, other old timers will be honored guests at the luncheon. The meeting will be held at 12:15 p. m. on August 9 at the University Club in Los Angeles.

HOSPITAL SHOWS

Averaging 50 shows per month, the entertainment division of Red Cross Camp and Hospital Service are kept busy through the week fulfilling engagements in military hospitals in Southern California.

WAC Members Draw Praise From Governor

High tribute to the women of America who have joined the armed forces — and given their lives for their country — was paid to members of the Women's Army Corps by Governor Earl Warren of California, in a memorial service at Forest Lawn Memorial Park, August 2.

Hundreds of prominent civilians and military personnel, headed by Mrs. Herman J. Garretson, Southern California Civilian Advisory committee to the Wac, attended the impressive military service.

The tribute paid the Wac by Governor Warren follows: "I regret I cannot personally be present to join in the memorial service honoring the members of the Women's Army Corps who have given their lives to the cause of freedom."

On hundreds of Army posts both here at home and overseas, members of the Women's Army Corps have added to the efficiency of military installations taking their place along side the men of our Army. They have added a new and thrilling chapter to the story of American wartime effort. The manner in which they have performed their duties is a glorious tribute to the pioneer spirit and courage of American women. It is occasions such as this that impress upon us not only the height of service, but also the sacrifice which American women are making in this struggle to end aggression and build a permanent peace."

EARL WARREN, Governor.

750 MILE-AN-HOUR WIND

The new cooperative wind tunnel erected by Southern California's aircraft industry, shaped like an oblong doughnut, can generate a 750-mile-an-hour blast.

IN THE AIR

ON SEA

ON LAND

This war of vast distance and fast motion relies heavily on communications. Every move our forces make is planned and executed with the help of a vast communications network. Telephones and electronic equipment for this network are being made here at home for fighting use overseas; in factories that in peacetime would be producing civilian telephone equipment.

That explains why there is now a shortage here—and why you may have been asked to wait your turn for telephone service.

Until the peace is won on all fronts, war needs have first claim on telephone factories and manpower. Meanwhile, we appreciate the patience of those waiting for service, and we will do everything possible to shorten the delay.
